## Elsie Allen High School Booster Club Offers Drivers Ed

Want your teenager to learn to drive safely? In partnership with the Booster Club, OnlineDriversEd.com is offering a complete online driving course for Elsie Allen High School students -- and a valuable opportunity to raise money for the school.

For every student who enrolls in the California DMV-accepted driver's education course at <http://onlinedriversed.com/elsie-allen>, the Elsie Allen High School Booster Club earns 25% of the course fee. If 100 students sign up, this amounts to nearly \$1,500 for Elsie Allen High School! As teens learn to drive responsibly, the Booster Club raises funds that support academics, arts programs, sports, and social activities.

Most teenagers can't wait to drive, but don't want to spend more time in class. Here's what they get with the cool, interactive program at OnlineDriversEd.com:

- > A complete state-accepted driver's ed course
- > Ability to learn at their own pace
- > Online instruction and practice tests
- > Live customer support by phone, chat and email
- > 100% money back guarantee
- > No parent shuttling to and from classes

And parents get peace of mind, knowing your teenager has access to the vital knowledge every young driver needs to stay safe on the road.
